14 The parties agree that the Company shall have the right (1) to continue to contract out work
15 heretofore customarily contracted out; and (2) contract out any work when the Company's facilities are
16 inadequate or personnel are not sufficient or reasonably available, or where employees who are
17 reasonably available do not have the experience and ability to satisfactorily perform the work required.

25 employment of regular part time employees to perform specific jobs which arise and to meet peak
26 workloads which occur. It is not the intent of the Company to employ regular part time employees for
27 the sole purpose of avoiding the employment (or continued employment) of regular employees for
28 whom full time work requirements exist under regular work schedules, or avoiding other provisions of
29 this Agreement as they apply to regular full time employees.

30 Regular part time employees will be scheduled to work for not less than two (2) hours nor more

8 Regular full-time employees who are laid off for lack of work and who advise the Company in
9 writing at the time of layoff of their desire for such part time employment as may become available in
10 the classification from which such employees were laid off, will be given preferential consideration for
11 such part time employment so long as such employees retain their seniority in accordance with the
12 provisions of this Agreement. Regular full-time employees who elect to bid into a part time position,
13 seniority permitting, shall receive the wages, hours and working conditions of part time employees.
14 "Seniority permitting" means a full-time employee who voluntarily reduces himself or herself to part-
15 time status will be placed in the part-time seniority list at the level earned based on Company date of
16 hire and will not be eligible to bid for full-time status for twelve (12) months. However, should an
17 employee decline to accept such part-time work when offered, he shall be given no further
18 consideration for such employment unless and until he shall have once again expressed in writing his
19 desire for part time work.

20 Provided there are no regular full-time employees in a laid off status who are subject to recall
21 provisions of this Agreement, part time employees who meet the Company's qualifications will be
22 given preferential consideration for permanent jobs which may become available within their
23 classification before so-called "outsiders" are hired. Should a part-time employee fail to accept regular
24 full-time employment, the Company shall be under no obligation to again offer such employment. All
25 regularly scheduled part time vacancies shall be posted for bid by seniority.

26 D. Employees covered by this Agreement shall be governed by all Company rules,

ARTICLE 5
SENIORITY

1
2
3
4 A. Seniority as used throughout this Agreement shall be defined as the length of service for
5 which an employee received credit in any classification covered by this Agreement with this Company.
6 The definition shall include the ability to perform the required work on the job in a satisfactory manner
7 and shall accrue from the date of entering a classification as a regular assignment. Seniority shall be
8 applicable to all classifications covered by this Agreement.

9 B. The principle of seniority shall apply in the application of this Agreement in all reductions
10 or increases of the work forces, preference of shift assignment when a vacancy occurs, vacation period
11 selection, in bidding for vacancies or new jobs, and all promotions, demotions or transfers involving
12 the classifications covered by this Agreement. All shifts, days off and work assignments shall be open
13 for bidding for all classifications bi-annually at minimum in between the months of March and April
14 and again between the months of September and October. Every effort should be made to align bid
15 periods in 6-month time frames pending operational priorities.

16 As business situations dictate, additional job bids may be required. A grid system bid sheet for
17 shift preference for each classification shall be utilized to fill all vacancies which arise between the
18 annual bid. No premium pay shall be paid to any employee as a result of his being awarded a change in
19 schedule for which he bid.

20 C. Employees will be considered as probationary employees for the first ninety (90) calendar
21 days of employment and there shall be no responsibility on the part of the Company for the re-
22 employment of probationary employees if they are laid off during this period. If retained after the
23 probationary period, which may be extended an additional thirty (30) calendar days in individual cases
24 by the giving of written notice to the Union before the end of the specified probationary period, the
25 names of such employees shall then be placed on the appropriate seniority list as of his date of hire. In
26 instances where the Company extends an individual's probationary period of an additional thirty (30)
27 calendar days, the written notification to be provided to the Union will also include the reasons for the
28 extension.

29 Should the Company at its discretion establish a new job classification or make a substantial
30 change in an existing classification, a job description and proposed rate will be submitted to the Union.
31 Rates for such new classifications and/or descriptions shall be in relation to and compatible with the
32 existing rate structure. If the Company and the Union are unable to agree upon any such proposed rate
33 and/or description, the Company shall install the description and classification and apply the rate

1 proposed; provided however, the appropriateness of any such rate and/or description shall be subject to
2 review under the grievance procedure hereinafter set forth, including arbitration.

3 D. Seniority Lists. Seniority lists shall be corrected on November 1 of each year and posted on
4 December 1 of each year. The employees shall be allowed thirty (30) calendar days after posting to
5 correct any errors appearing thereon. A corrected list will be prepared within thirty (30) calendar days
6 thereafter. Errors are to be given to the Company in writing and a copy of the posted seniority list and
7 amended seniority list will be furnished to the Local Committee Chair. Any dispute as to seniority
8 listing shall be handled by the grievance procedure, except in cases of employees hired or entering a
9 job classification on the same date where Company seniority shall govern. Where employees have the
10 same start date with the Company, the last four (4) digits of the Social Security number will be used to
11 determine the higher seniority.

12 Seniority lists shall show employee's last name, first name, original date of hire by job
13 classification, present job classification, by title, time spent in covered classifications, including
14 employees on Military Leave of Absence and employees promoted to supervisory positions. The word
15 "hired" shall be defined as the first day worked for which pay was received.

16 A separate part time seniority list shall be maintained for part time employees. Part time
17 employees may exercise their seniority only for purposes of bidding into full time jobs in their
18 classification (which will be determined by most senior qualified), to higher rated jobs for which they
19 are qualified, and to regular scheduled part time positions, reduction in force and recall after layoff.
20 Regular scheduled part time employees shall be permitted to bid once per year by a grid system for
21 regular scheduled part time positions by seniority. Reasonable efforts will be made by the Company to
22 distribute part time work hours as evenly as possible among part time employees.

23 E. Employees who are promoted after the date hereof to supervisory positions outside the
24 bargaining unit covered under this Agreement shall continue to retain and accrue seniority for a
25 maximum of one hundred and eighty (180) days. In the event any such employee is returned to the
26 bargaining unit by the Company or voluntarily desires to return to the bargaining unit during such one
27 hundred and eighty (180) day period, he shall be entitled to exercise both his retained and accrued
28 seniority. If they are retained on the job after the one hundred and eightieth (180th) day, their names
29 shall be removed from the seniority lists. During this one hundred and eighty (180) day period, the
30 employee shall maintain his good standing membership in the Union.

31 F. Loss of Seniority An employee will lose his seniority status and his name shall be removed
32 from the seniority list under the following conditions:

- 33 1. He quits or resigns.

1 2. Discharged for just cause.

2 3. He does not inform the Company in writing by registered mail or telegraph of his intention
3 to return to service within three (3) working days after day of sending a notice offering to reemploy
4 him after a layoff.

5 4. He does not return to the service on or before a date specified in the notice from the
6 Company after a layoff, which date shall not be prior to the (10) working days after receipt of such
7 notice, provided that subdivisions (3) and (4) of paragraph F shall not apply to offers of temporary
8 work. Any notice provided in this paragraph shall be by certified mail (return receipt requested) to the
9 employee at his last address filed with the Company. A copy of notices of recall sent by the Company
10 will be provided to the Local Committee Chair.

11 5. He fails to return to work after or at the end of an authorized leave of absence.

12 6. He is laid off and does not return to work for a period of three (3) years. If hired after
13 December 1, 1995, and is laid off and does not return to work for a period of one (1) year.

14 7. Engages in gainful employment while on leave of absence, except when selected by the
15 Union to perform full-time Union work.

16 8. A full-time employee who voluntarily reduces himself to part-time status will be placed in
17 the part-time seniority list at the level earned based on Company date of hire and will not be eligible to
18 bid for full-time status for twelve (12) months. Paragraph F(1) will apply regarding full-time seniority.

19 9. A part time employee who is not carrying a bid line and is unable to meet the work
20 schedule requirements will lose their active employment status. Minimum work schedule requirements
21 are defined as the employee must be able to work at least twenty (20) hours per month.

22 10. Any employee absent from work for any reason for one (1) year will be separated
23 subject to state and federal law. In the event the employee returns before the expiration of the one (1)
24 year period, they must remain actively at work for a period of six (6) months before being eligible for
25 another one (1) year period. Should the employee be off work again within the six (6) month period,
26 time lost will continue to count towards the original one (1) year period.

27 11. An employee who voluntarily reduces himself, including bidding for a lower
28 classification job, except for employees who hold lead positions who by bidding give up such lead
29 designation, shall have his name removed from the higher classified job and lose all seniority and pay
30 credit in such classification.

31
32 G. Reduction and Increase of Working Force. Whenever the number of employees in any
33 classification is to be reduced, the reduction must be by classification, in the reverse order of seniority, in

1 the jobs to be reduced. An employee who is given notice that he is to be reduced, or an employee who is
2 being displaced by another employee, must displace the least senior employee in the classification who is in
3 a job for which the displacing employee is qualified, seniority permitting. The employee's Company date of
4 hire will be used as the criteria to place him in the part time seniority list. The employee must n o t i f y the
5 Company on the next workday that he wishes to displace another employee which he is qualified to
6 displace. An employee not n o t i f y i n g the Company will be considered as electing to go on laid off
7 status. He may not displace into a classification in which he does not hold seniority. An employee must
8 displace in his highest classification before proceeding to the next lower classification. Any qualification
9 disputes will be grounds for grievance procedure (Refer to Article 10, Section E). Reductions of force in the
10 mechanical and technical classifications (Lead Mechanics and Vehicle

11 Mechanics) shall occur as set forth above. However, employees reduced in the classification of
12 Lead Mechanic shall have the right to bump into the classification they are leading, based upon their
13 cumulative seniority in that classification and the related lead classification.

14 1. Ten (10) workdays' notice or pay therefore, at the Company's option, will be given to
15 employees to be reduced before such reduction in force is made, and a copy of such notice will be
16 furnished to the employee and the designated Local Union representative.

17 Where there is temporarily no work because of an Act of God, circumstances over which the
18 Company has no control, or work stoppages and strikes by employees of companies which MENZIES
19 AVIATION performs work for, it shall not be considered a normal reduction in force and subject to
20 this provision.

21 2. The restoration of forces for all classifications will be by seniority, the most senior
22 employees reduced or laid off to be returned first. Any employee reduced from a classification due to a
23 reduction in force and refusing to accept the first job in the highest classification for which he is
24 qualified, shall have his name removed from the seniority list for that classification. All laid off
25 employees with seniority status shall be recalled for available positions before the hiring of new
26 employees, provided that the recalled employee has the qualifications for the required position.

Forty (40) hours of work consisting of five (5) eight (8) hour days of work, scheduled consecutively within a seven (7) calendar day period, shall constitute a normal workweek. Scheduled days off shall be consecutive within each employee's workweek. It shall be the Company policy to prepare and post ten (10) days (or such lesser period as is practicable) in advance of the effective date, a work schedule which, to the extent practicable and consistent with the safe and efficient operations of the business, provides for the following:

(1) Regular days of work and regular days off each workweek for individual employees, consideration being given to senior employees in the assessment of regular days off, and;

(2) Regular shift assignments for individual employees, consideration being given to senior employees in originally making such assignments. It must be recognized that in order to meet airline schedule demands, some employees may regularly be scheduled on more than one (1) shift during a regular workweek. The practice will not be to rotate shift assignments.

The Company will make every effort to hold to a minimum (and will expect employees to do the same) changes in individual shifts and daily schedules due to absenteeism, employee turnover, flight diversions, flight cancellations, charter flights, etc.

C. Employees working on an eight (8) hour shift basis will receive a thirty (30) minute lunch period on each shift during working hours, with pay.

(1) Any shift starting at or after 5:00a.m. will be recognized as the first or day shift, and the one-half (1/2) hour lunch period will be regularly established during the fifth (5th) hour of the shift.

(2) Any shift starting after 12:00 p.m. will be known as the second shift, and the one-half (1/2) hour lunch period will be regularly established during the fifth (5th) hour, and any employee working the second shift will be compensated with fifty cents (\$.50) per hour in addition to his base rate.

(3) Any shift starting after 8:00p.m. will be known as the third (3rd) shift, and the one-

1 half (1/2) hour lunch period will be regularly established during the fifth (5th) hour, and any employee
2 working the third (3rd) shift will be compensated with fifty-five cents (\$.55) per hour in addition to his
3 base rate.

4 (4) Any employee scheduled to work a combination of shift start times during a pay
5 week (i.e., employee scheduled to work day shift two days and midnight shift three days, for example)
6 will be compensated with sixty cents (\$.60) per hour in addition to his/her base rate for all hours
7 worked.

8 D. Except on his regularly scheduled days off, no regular employee will be called to work or be
9 required to report for work for a work shift less than eight (8) hours or pay therefore, except (1) where
10 recalled after completing a regular shift of eight (8) hours or more, or (2) to complete a regular shift,
11 the first portion of which was paid in accordance with the overtime procedure. Employees regularly in
12 the service of the Company will be considered as required to report for eight (8) hours work on their
13 regularly scheduled workdays, unless notified by the Company before the close of regular scheduled
14 shift or sixteen (16) hours before the start of their regular shift, whichever is shorter. In instances
15 where there will temporarily be no work because of an Act of God, or circumstances over which the
16 Company has no control, an employee not so notified will receive four (4) hours work or pay at his
17 regular hourly rate. In instances where there will temporarily be no work because of a work stoppage
18 or strike, employees will be paid only for hours actually worked. In all other instances where no such
19 notice is given, an employee will receive eight (8) hours work or pay; however, any employee called to
20 or required to report to work on his scheduled day off will receive a minimum of four (4) hours' work
21 or pay at the applicable rate.

22 F. All employees will be granted a ten (10) minute rest period during the first half of their shift
23 and a ten (10) minute rest period during the second half of their shift without loss of time for the
24 purpose of relaxation, smoking, etc. and a five (5) minute wash-up period prior to quitting time.

25 G. Employees who, because of the requirements of the service, are requested to start their lunch
26 period prior to the fifth (5th) hour of their shift or after the fifth (5th) hour of their shift, will be
27 allowed a thirty (30) minute lunch period as close to the regular lunch period as possible and will be
28 paid for same at straight time rate. Every effort will be made to allow the employees their lunch period
29 within the limits of the fifth (5th) hour.

1 **ARTICLE 8**

2 **OVERTIME AND HOLIDAYS**

3
4 If overtime is necessary, it will be filled with the most junior qualified person. Additionally, the
5 Company will meet with the union to discuss methods for providing the needed employees for
6 mandatory overtime situations. NOTE: MENZIES AVIATION will continue with current OT
7 procedures.

8 A. Overtime rate of time and one-half (1½ X), computed on an actual minute adjusted to the
9 nearest tenth of an hour basis shall be paid for all work performed in excess of eight (8) hours in any
10 one day, for all work performed either in advance of or after regularly scheduled hours and for the first
11 eight (8) hours worked on one of two (2) regularly scheduled days off each workweek. In the event an
12 employee works thirty (30) minutes or less after a scheduled shift of eight (8) hours, overtime he will
13 be paid to the nearest tenth (10th) of an hour. Overtime work must always be approved by a supervisor
14 before it is performed.

15 B. Overtime rate of double (2X) time shall be paid for all hours in excess of the first eight (8)
16 hours worked on one of the two (2) regularly scheduled days off in each workweek, for all time
17 worked on the second regularly scheduled day off in a workweek if the first regularly scheduled day
18 off has been worked, and for all time worked in excess of twelve (12) hours in any twenty-four (24)
19 hour period. For overtime purposes, the twenty-four (24) hour period shall begin with the starting time
20 of the employees' regularly assigned shift and shall continue for twenty-four (24) hours thereafter.
21 Relief from duty under this paragraph shall not be considered as absorption of overtime under
22 paragraph G of this Article.

23 C. Notwithstanding anything to the contrary in any other provision, an employee who works
24 only seven (7) hours as a result of a time change from standard time to daylight savings time will be
25 given the option of going home after seven (7) hours or working another hour at straight time pay. An
26 employee whose timecard reflects nine (9) hours work as the result of a time change from daylight
27 savings time to standard time will be paid for eight (8) hours straight time pay and one (1) hour at the
28 overtime rate.

29 D. Employees covered by this Agreement will observe the following scheduled holidays to
30 include: NEW YEAR'S DAY, NEW YEAR'S EVE, MEMORIAL DAY, INDEPENDENCE DAY,
31 LABOR DAY, THANKSGIVING DAY, CHRISTMAS EVE, AND CHRISTMAS DAY and will be
32 eligible to take an additional three (3) personal days. Full-time employees will earn three (3) personal
33 days per year. Personal days are earned at the rate of one (1) day for each four (4) months i.e., four (4)

1 months = one (1) day: eight months = two (2) days and one (1) year = three (3) days. Personal days
2 are prorated for the first year of employment and are available as of 1/1 of the following year and
3 every year thereafter. Employees will be allowed to use a personal day provided the employee gives
4 three (3) days' notice, provided the request is in writing and using the Company form, of his intent to
5 use the personal day and there are no other scheduling conflicts or emergency situations. A personal
6 day may be used by an employee, if such use of a personal day is approved by the Company. Should
7 any of the foregoing scheduled holidays fall on a Sunday, the day observed by the Station shall be
8 considered as the scheduled holiday. An employee who is required to work on any of the foregoing
9 scheduled holidays as observed, shall receive two and one-half (2-1/2) times his regular straight time
10 rate (including all premium pay) for all hours worked and shall receive no additional time off.
11 Notwithstanding any other provision hereof, the Company may schedule or call-in employees to work
12 a shift of less than eight (8) hours on any of the foregoing scheduled holidays and in such cases the
13 employees will receive as a minimum, four (4) hours work or pay at the applicable rate.

14 E. The Company will make every reasonable effort to avoid requiring employees to work on a
15 holiday, to the extent that such holiday observances do not interfere with the service which the
16 Company believes is required. Employees not required to work on the above-mentioned holidays will
17 be compensated for the day at eight (8) hours at straight time rate provided:

18 The employee who works his last scheduled workday preceding the holiday, and his first
19 scheduled workday following the holiday, except that an employee off on an excused absence for
20 reasons beyond the employee's control, shall be excused from complying with this requirement. Illness
21 that does not require hospitalization is not an excused absence. An employee scheduled and required to
22 work on a holiday who does not report for work shall not receive any pay for that day.

23 F. The Company will develop and enforce local overtime procedures. When overtime is
24 contemplated, the Company and the Union will cooperate to the fullest extent possible to ensure their
25 effectiveness. The supervisor on duty will determine the amount of overtime required to work, and the
26 number of employees required.

27 G. The right of the Company to require overtime work is recognized, but the Company agrees
28 to the extent practicable, to give consideration to the desires of an employee not to work overtime.

29 H. When an employee covered by this Agreement has been relieved for the day and is recalled
30 to work, he will be paid not less than three (3) hours at the overtime rate applicable for each call.

31 I. For continuous service before or after regular working hours, employees will not be required
32 to go to work more than two (2) hours without being permitted a meal, and employees will be allowed
33 a thirty (30) minute period in which to eat without loss of time.

1 J. There shall be no pyramiding of the overtime rates provided for in this Agreement and no
2 employee shall receive more than double time and one-half (2-1/2) the straight time rate for any hours
3 worked.

4 K. It is the intent of the Company to provide as much notice of overtime availability as is
5 practical.
6
7

1 **ARTICLE 9**

2 **WAGES**

3
4 A. The wage rates set forth in Schedule "A" attached here to and made a part hereof shall
5 prevail during the term hereof, as indicated.

6 B. No employee shall suffer any reduction in hourly rate of classification, including rates in
7 excess of those specified in the Agreement, as a result of this Agreement and nothing in this
8 Agreement shall be construed to prevent increases in individual rates of classifications over and above
9 minimums specified.

10 C. Should the regular payday fall on a holiday, the employees will be paid on the preceding
11 day.

12 D. Where there is a shortage equal to one or less of a day's pay, the employee will be
13 reimbursed for such shortages in his/her next regular paycheck. Should there be a shortage in excess of
14 one (1) day's pay, the employee will be reimbursed within the second business day, after notification,
15 as long as the shortage is due to the miscalculation or omission by the Company. The employee will be
16 responsible for his/her work time calculation.

17 E. Paychecks will include a statement of all hours, wages, adjustments and deductions for the
18 pay period.

19 F. Employees will be paid bi-weekly, on Friday. Employees whose regular day off is on a
20 payday, shall be given their paychecks before the end of their shift on the day before payday, if such
21 paychecks have been received. Providing the Company changes the payroll system, the Company will
22 consider the possibility of a weekly payroll system.

23 G. Employees leaving the service of the Company will be paid for all time due on the next
24 regular schedule payday (Friday). The employees agree to sign a payroll deduction authorization form,
25 authorizing the company to make deductions for company equipment not returned.

26 H. Any employee covered by this agreement who is required to travel by airplane for company
27 business shall be covered with a death benefit of \$17,500.00, which shall be awarded to the beneficiary
28 stated on the employee's insurance form.

29 I. Automatic changes in pay rates will be effective the day they occur and will be paid retro in
30 the following paid period.

31 J. The Company will not require employees to use their personal automobiles in the conduct of
32 Company business.

1 K. The Company will not require employees to perform bargaining unit work during an FAA
2 designated bomb scare.

3 L. The Company shall notify the Union, in writing, the name, old rate, new rate, and amount of
4 increase of all employees that receive a rate of pay in excess of the maximum rate of their job within
5 five (5) days after such rate becomes effective.

6 M. The Company agrees to inform the Local Committee Chair promptly of all new hires and
7 terminations, through use of present forms, including the rate of pay. New employees will be
8 introduced by supervision to the Local Committee Chair promptly. The Company will notify the
9 Union, in writing, of all employees on extended sick or injury leave and of employee status change.

10 N. The Company is responsible for providing a designated area for storage of toolboxes as well
11 as providing reasonable security. Employees are expected to store their toolboxes in the designated
12 area. The Company will make available at no cost to mechanics and technicians, insurance coverage
13 against loss by fire or theft by break and entry of toolbox and contents owned by the employee while
14 such is on Company's premises in the designated secured area, for use in connection with employee's
15 work, and while in transit to or while being used in connection with a field service assignment. The
16 maximum coverage provided under such policy shall be \$6,000 per toolbox and contents with a fifty-
17 dollar (\$50.00) deductible provision, subject to a maximum of three (3) toolboxes provided the
18 employee has completed an annual inventory and has notified the Company of any changes. Losses
19 under the policy will be settled by the insurance Company directly with the employee, with the
20 employee bearing the fifty-dollar (\$50.00) deductible amount. Each employee must provide the
21 Company with an inventory of tools on an annual basis and notify the Company of any addition to or
22 deletions from the inventory.

23
24

1 **ARTICLE 10**

2 **VACANCIES AND BIDDING**

3 A. A vacancy shall be any job (permanent or temporary) which cannot be filled through an
4 application of the seniority provision of this Agreement providing for the restoration of forces. A
5 temporary vacancy will be defined as less than thirty (30) days in duration.

6 B. A temporary job shall be filled in accordance with seniority within the respective group
7 insofar as practical. In the event temporary assignment of work is necessary within a classification to
8 fill a temporary vacancy not involving a temporary promotion from a lower to a higher classification,
9 the assignment will be made in the reverse order of seniority insofar as practical and after such
10 assignment, the employee so assigned shall be returned to former job and status. When employees are
11 temporarily transferred from their regular work to work of another classification, they shall receive
12 their regular rate or the proper rate of the classification, whichever is higher, with a minimum of two
13 (2) hours. It is recognized that this provision shall not be applied to create regular appointments of
14 temporary leads or inspectors.

15 C. Vacancies of more than thirty (30) days duration shall be bulletined through the company's
16 internal application system for a period of five (5) days, provided, however, that the Company shall
17 have the right to temporarily fill any such vacancies during such five (5) day period. Each bulletin
18 shall state the approximate duration of job, number of jobs to be filled, type and class of each job, the
19 department, the basic rate of pay and/or premium rate for the job, and the date the successful bidder is
20 to report. An employee bidding more than one vacancy shall list his order of preference. The selection
21 of the successful bidder shall be by seniority plus ability to do the essential functions of the job,
22 satisfactorily perform the work and meet attendance standards. A successful bidder shall hold the job
23 to which assigned for a period of ninety (90) days as a trial period. This training period will involve
24 flexible scheduling through multiple shifts and is not subject to the bid process. In the event the job is
25 not as described or he did not demonstrate his ability to hold the job, he may be returned to his former
26 job and status. Notices indicating successful bidders must be posted within three (3) days after the
27 closing date of bid. An employee who revokes a bid after having been awarded the job shall not be
28 eligible to bid on an opening in the same job for a period of six (6) months.

29 D. In the event a vacancy in the classification covered by this Agreement exists in any
30 department and no qualified employee bids, the Company may hire a new employee into the
31 classification or department or shall have the right to select to fill such position with any qualified
32 employee willing to accept such transfer. In the event no qualified employee is willing to accept the
33 transfer, the Company may assign the least senior qualified employee.

1 E. In the event an employee is not selected as a successful bidder for a permanent job as
2 bulletined because the Company has determined that he is unable to perform the required work of the
3 job in a satisfactory manner, such employee may request a review of his qualifications. Such reviews
4 shall be made by a committee of four (4), two (2) selected by the Company and two (2) selected by the
5 Union. This committee may establish rules governing their procedure consistent with the provisions of
6 this Agreement. The employee will make his request known, in writing, not more than three (3) days
7 after the successful bidders are announced. The committee will have (5) days in which to complete and
8 issue its findings of their review, after receiving the employee's written request, and so inform the
9 Company and the Union whether or not the employee is qualified for the job he is seeking. If he is
10 found qualified, the Company will be obligated to place the employee on the job with seniority as of
11 the date specified. If the committee finds the employee not qualified, the determination is final and
12 binding. If the committee cannot reach a majority decision, a grievance may be filed omitting the
13 verbal discussion steps of the grievance procedure.

14 F. All bids will be made in two (2) written copies, one (1) each to be furnished to the Company
15 and one (1) to the Local Chair.

16
17

1 Step 1: The grievance shall be taken up by the Shop Steward, or, in the case of a
2 department or section thereof for which there is no steward, a committeeman, the grievant and the
3 supervisor of the department involved. The supervisor shall give his answer to the grievance to the
4 Shop Steward and/or Committeeman within three (3) days following its discussion in this Step.

5 Step 2: If the grievance is not satisfactorily settled in Step I, the grievance shall be reduced in
6 writing on a form identical to Schedule "B", signed by the aggrieved employee(s), and may be referred
7 by the Local Union Committee to the Department Manager or his designated representative. The
8 appeal must be made in writing within five (5) workdays after the Step I decision and the actual appeal
9 must be presented at a hearing within seven (7) workdays from the date of appeal to Step 2. A written
10 decision will be rendered by the Company within four (4) workdays after adjournment of the hearing.

11 Step 3: If the grievance is not satisfactorily settled in the preceding steps, the Union's President-
12 General Chair, or his Chair, or his designee, may refer the matter to the Company's Vice President or
13 his designee. The notice of intent to appeal the matter to Step 3 must be made in writing within ten (10)
14 workdays after the Step 2 decision. The Vice President or his designee will meet with the Union's
15 President-General Chair, or his designee, at the earliest possible time, but not later than ten (10)
16 workdays after receipt by the Vice President, and endeavor to reach a settlement of the issues involved
17 in the matter appealed. If unable to resolve the issue, the Company shall issue a written decision setting
18 forth its position on the issue(s). In no event shall such written decision be issued later than five (5)
19 workdays from the date of the meeting.

20 Step 4: In the event the grievance is not satisfactorily settled in the preceding steps of the
21 procedure, the Union shall notify the Company in writing within ten (10) days following the date of the
22 Company's answer in Step 3, of its desire to process the grievance to arbitration in accordance with the
23 provisions of this Agreement.

24 Notwithstanding the provisions set forth in the preceding portion of this paragraph C, it is
25 agreed that grievances involving a discharge or disciplinary suspension shall be presented, in writing,
26 in Step 2 of the grievance procedure within ten (10) days following the occurrence of the event giving
27 rise to the grievance.

28 Grievances which are not presented within the applicable time limit shall be considered
29 withdrawn. In the event the Company fails to give an answer within the applicable time, the grievance
30 will automatically progress to the next step of the grievance procedure. It is understood and agreed that
31 any of the time limits set forth in the grievance procedure may be extended by written agreement
32 between the Company and the Union.

1 D. Either party to this Agreement shall be permitted to call employee witnesses at each and
2 every step of the grievance procedure. The Company, upon demand, will produce payroll and other
3 records of the specific employee for the purpose of substantiating the contentions or claims of the
4 parties, well in advance of the formal proceedings of the grievance procedure.

5 E. Necessary hearings and investigations shall, insofar as possible, be conducted during regular
6 business hours and all stewards, local committeemen and witnesses necessary for a proper hearing or
7 investigation, will be compensated at straight time rate for time spent attending such hearing or
8 investigation. No employee shall suffer any loss of regularly scheduled time for attendance at any
9 hearing or investigation.

10 F. Probationary employees shall not have recourse to the grievance procedure in the event of
11 discharge or suspension within the probationary period. No employee who has completed his
12 probationary period shall be discharged or placed on disciplinary layoff nor disciplined without a fair
13 hearing before a designated representative of the Company, other than the one bringing the complaint
14 against the employee. Suspension from the service of the Company pending the hearing, which shall
15 be prompt, shall not be deemed a violation of this rule. At a reasonable time prior to the hearing, such
16 employee and his duly authorized representative will be apprised, in writing, of the precise charge and
17 give a reasonable opportunity to secure the presence of necessary witnesses. A written decision will be
18 issued within five (5) workdays after the close of such hearing. If the decision is not satisfactory, then
19 appeal may be made in accordance with Step 3 of the grievance procedure.

20 The Local Committee Chair or his designee will be notified immediately of such discharge or
21 disciplinary layoff. If no one has been designated for a shift on which such should occur, such
22 notification will be made when the Chair or designee is available.

23 G. If it is found that an employee has been unjustly suspended or dismissed from the service,
24 such employee will be reinstated with his seniority rights unimpaired, and his service record cleared.

25 H. The grievance procedure and arbitration provided for herein shall constitute the sole and
26 exclusive method of determination, decision, adjustment and settlement between the parties of any and
27 all grievances as herein described, and the grievance procedure and arbitration provided herein shall
28 constitute the sole and exclusive remedy to be utilized by the parties hereto for such determination,
29 decision, adjustment or settlement of any and all grievances as herein defined.

30 I. It is agreed and understood that arbitration is a continuation and a part of the grievance
31 procedure.
32

ARTICLE 12
ARBITRATION

1
2
3
4 A. In the event the Union or the Company submits a grievance to arbitration, in accordance
5 with the arbitration provisions of Article 11, the Arbitration Board shall be selected according to, and
6 shall be governed by, the following procedure.

7 The Board of Arbitration shall consist of three (3) members; one (1) appointed by the Union,
8 one (1) appointed by the Company and (1) selected by the parties from a standing panel of three (3)
9 impartial referees. The parties shall meet within fifteen (15) days after the Company's Step 3 decision,
10 and each side (Union and Company) shall then strike one (1) name each; the remaining name shall be
11 the third member and Chair of the Arbitration Board. The dispute or grievance shall be presented to the
12 Board of Arbitration, and the decision of the majority of such members shall be final and binding upon
13 the parties to this Agreement and shall be complied with within five (5) working days after decision is
14 rendered.

15 It is understood and agreed that the Board of Arbitration shall have jurisdiction and authority
16 only to interpret, apply or determine compliance with the provisions of this Agreement. The Board
17 shall have no power to add to, detract from or to alter in any way the provisions of this Agreement.

18 Notwithstanding any other provisions of this Article, and only in cases of grievances involving
19 Article 13, either party may invoke the arbitration procedure upon twenty-four (24) hours written
20 notice. The parties shall waive the tripartite Board of Arbitration and meet within three (3) hours to
21 select an impartial arbitrator from the list of permanent arbitrators. The arbitrator shall hold an
22 arbitration hearing as expeditiously as possible, but in no event later than twenty-four (24) hours after
23 receipt of notice. The arbitrator shall render a decision within three (3) hours of the close of the
24 hearing. No continuance of the hearing may be allowed without the consent of both parties. Failure of
25 a party to appear shall not prevent the issuance of an award. The sole issue shall be whether the no-
26 strike/no-lockout provisions have been violated. In the event the arbitrator finds that the activities of
27 either employees, the Union or the Company, or any or all of them, are in violation of the no-
28 strike/no-lockout provisions of this Agreement, or threaten violations thereof, he shall, as part of his
29 decision, specifically order that all normal operations be resumed at once and that any offender cease
30 and desist from any then current, continued or prospective violations of the no-strike/no-lockout
31 provisions of this Agreement. The award shall be final and binding upon the parties to this Agreement
32 and shall be complied with at once.

1 B. Each party shall bear its own expenses in connection with the arbitration proceedings and
2 shall equally share the fee and expenses of the third member of the Arbitration Board and such other
3 expenses as may be incurred by mutual agreement between the parties.

STRIKE AND LOCKOUT

A. During the life of this Agreement, and in accordance with the Railway Labor Act, there shall be no strike, slowdown, sit-down, stay in, boycott, sympathy strike, picketing, work stoppage or any other type of interference of any kind, coercive or otherwise, with the Employer's business by the Union, any of its officers or representatives, or any individual employee; and further, the Union shall do everything in its power to prevent its members, officers, representatives and employees, either individually or collectively, from participating in any unauthorized strike, including, but not limited to, publicly disavowing such action and ordering all such officers, representatives, employees or members who participate in such unauthorized activity, to cease and desist from same immediately and to return to work, along with such other steps as may be necessary under the circumstances to bring about compliance with its order. In cases of unauthorized activity described herein, the Employer may impose disciplinary measure or discharge the employees directly or indirectly involved. In consideration of the foregoing, the Employer agrees not to lock-out or cause to be locked out any employees covered under the provision of this Agreement.

1 **ARTICLE 14**

2 **GENERAL AND MISCELLANEOUS**

3
4 A. Should there be any change during the life of this Agreement in license requirements, all
5 employees affected shall be given the length of time required by the governmental body demanding the

7 shall be furnished with a certificate of eligibility by the Company for presentation to the proper
8 government agency for procuring FAA or FCC license.

9 B. Any employee leaving the service of the Company will, upon request to the Company, be
10 furnished with a letter setting forth the individual's qualifications (date of hire, classification, length of
11 service and rate of pay).

12 C. If new equipment is put into service by the Company, affected employees shall be given
13 every opportunity to become familiar with the new equipment without change of classification or rate.

14 D. All orders or notices to an employee under this Agreement involving a change in
15 assignment, promotion, demotion, furlough and leave of absence, schedule changes, discharge or
16 disciplinary action, shall be given in writing, a copy of which shall be given to the Local Committee
17 Chair.

18 E. Non-bargaining unit employees, including supervisory employees, not covered by this
19 Agreement, shall not perform bargaining unit work which will result in a covered employee losing
20 regular or overtime pay, except when training or instructing covered employees, or in case of an
21 emergency. It is agreed that the protection of Company and customer property against the elements
22 may be considered an emergency.

23 F. Locked bulletin boards will be provided by the Company at locations mutually agreed upon,
24 marked "International Association of Machinists and Aerospace Workers," for posting of notices. G.
25 New employees shall be introduced to the Shop Steward on the first day of work.

29 allowed up to three (3) days absence from work without loss of straight time pay. Satisfactory proof of
30 eligibility for time off will be furnished upon request by the Company. Use of bereavement time is
31 reserved for preparations of and or attendance to funeral or burial proceedings. Additional necessary
32 time off without pay may be granted by request of the employee. Such permission will not be
33 unreasonably withheld, but in no event shall a request for this purpose exceed an additional five (5)

1 working days. Reasonable advance notice of such absences must be given, and satisfactory

After the completion of one (1) year of work, an employee will have a total of nine (9) full days of sick leave credit and will continue to accrue one (1) day of sick leave credit for each month worked, up to a maximum of one hundred thirty (130) days. For this purpose, time on vacation shall be considered as time worked.

B. After six (6) months of employment, non-occupational sick leave with pay in case of actual sickness will be granted on the basis specified below, up to a number of days to the credit of the employee at the time.
