- 4 Bereavement leave pay will not be granted for the employee's normal days off work, or during a day when the employee had previously been approved to take a paid leave of absence. However, this provision will not prevent the General Manager and the employee from mutually agreeing to reschedule a previously authorized vacation in the event of a death in the immediate family.
- 5 Employees shall provide written evidence of the relationship to, and the death of, the immediate family member to the General Manager and a Human Resources professional. Failure to provide written evidence shall disqualify the employee from receiving bereavement leave.
- 6 Bereavement leave shall be capped at eight (8) days per year. Unpaid bereavement leave may be taken up to an additional eight (8) days. Benefit time (vacation or sick) may be used to cover time off.

H UNPAID UNION LEAVE

- 1 An employee elected or selected to a full time job in the local Union, or the International Union, which takes him from his employment with the Company, shall upon written request to the Company receive an unpaid leave of absence for the full duration of his employment with the Union, but not to exceed five (5) years. Upon completion of his leave of absence during the existence of this Agreement, he shall be re-employed according to his seniority in the same job classification that he held prior to leaving at the wage rates existing at the time of his return, provided such work is available for him according to his seniority, and he has the ability and qualifications to perform such work. Seniority shall accumulate during such leave of absence.
- 2 Temporary leaves of absence without pay, not to exceed three (3) weeks may be approved by the Company on a case by case basis. In deciding whether to approve such temporary union leave of absence, the Company will consider, among other factors, the total number of employees who are requesting leave during the same period of time. When the number of employees requesting temporary union leave at any given time would impose a strain on the Company's operational needs, the Company will make the decision to approve leave in seniority order, and the decision to deny leave in reverse seniority order. The number of employees attending Union Negotiating Committee functions shall not exceed three (3) employees per week.

I SICK LEAVE

- 1 Full-time employees on the active status payroll will accrue one (1) hour of sick leave for every thirty (30) hours worked, up to a maximum annual accrual of forty (40) hours of sick leave.
- 2 Permissible Use
 - a Sick leave may be taken for a personal illness, a disability, dental or medical appointment, pregnancy disability leave, and any other use permitted by state law. An eligible employee may also use sick leave to attend to an illness of a child, stepchild residing with the employee, parent, spouse, or domestic partner of the employee. Sick leave must be taken by eligible employees in increments of at least four (4) hours.
 - b Sick leave may not be taken until the employee's 90th day of employment.
 - c To the extent that it is practical to do so, an employee shall schedule medical examinations so as not to interfere with the employee's attendance on the job. Where this is not practical, in the case of foreseeable absences such as for a scheduled doctor's or dentist's appointment, an employee shall provide seven (7) days advanced notification to his supervisor. Where providing advance notice of a medical absence is not practicable (such as the need for an immediate appointment) or for unforeseeable sick absences from work, an employee shall, as soon as practicable before his work shift, notify his supervisor in advance of the absence by calling the sick line. At a minimum, an employee should notify the Company at least two (2) hours before the beginning of his work shift. In cases where an employee is incapable of providing advanced notice to the Company (such as emergencies resulting from accidents or the sudden onset of an illness), he or his representatives shall notify the Company of the need for leave as soon as they are able to do so, but in no event shall this notice be given later than two (2) hours after the employee's report time.
 - d The Employee recognizes their obligation of being truthful and honest in preventing unnecessary absences or abuses of sick leave privileges. Employees may be required to present confirmation of illness and the Company reserves the right to require, when in doubt of a bona fide claim, a physician certificate to confirm such sick claim. Employees who abuse sick leave privileges may be subject to disciplinary action by the Company.
- 3 Calculation of Sick Pay
 - a Eligible employees will receive pay at their regularly hourly base pay rate, inclusive of Lead premium (where applicable), for the days absence.
 - b Sick leave is intended to provide income protection when an illness or non-work-related injury occurs. Therefore, unused sick days cannot be used for any other paid or unpaid absence and employee shall not be entitled to be paid for unused sick leave upon termination of employment, whether voluntary or involuntary.
 - c Employees shall be permitted to accumulate banked sick leave from year to year, up to a total of 80 hours of leave.

- d. Employees who retire from the Company with age plus years of service with the Company equaling 75, will be entitled to be paid fifty percent (50%) of their accrued sick time hours at fifty percent (50%) of their hourly rate of pay.

Written notice to the Union should be accomplished by email.

- A The Union recognizes the Company's security obligations whether or not those obligations are established by Company policy, by its contracts with its customers, permits or agreements with the airport authority, or as a result of local, state, or federal laws, including TSA and US Customs regulations. In the event that a customer, the airport authority, or a governmental agency or regulator notifies the Company that any covered employee is to be denied employment related clearance, security clearance, a US Customs seal, access to work areas or restricted areas, access to aircraft or equipment whether belonging to the Company or another company, or is requested to refrain from assigning the employee to perform work under the contract, such employee shall be immediately removed from that position. The employer will reasonably attempt to locate an alternative position consistent with the restriction but if no such position is immediately available this shall be deemed just cause to terminate the employee.

Article 12. NON-DISCRIMINATION

- 3 Juneteenth Day
- 4 Independence Day
- 5 Labor Day
- 6 Thanksgiving Day

- 8 Floating Holiday

Additionally, any associate with 10 or more years of seniority will receive (1) additional floating holiday. Floating Holidays must be used in the year earned.

B Employees are not eligible for holiday pay for holidays which occur while the employee is serving an unpaid leave of absence.

C Holiday pay shall be calculated as the employee's regular hourly rate of pay including Lead premium (where applicable) multiplied by the number of hours the employee was regularly scheduled to work on the day of the holiday.

D In addition to his holiday pay, if an employee is scheduled to work on a holiday and actually works his shift on the holiday, the employee will receive his regular rate of pay as straight time wages for each hour worked. For example, if an employee is scheduled to work eight (8) hours on a holiday and he works it, the employee will be paid eight (8) hours of straight time wages for his work, plus an additional eight (8) hours of straight time wages, which represents the holiday pay. If the employee's hours worked on the holiday would otherwise be overtime hours, that employee will receive overtime pay for those hours worked.

E Holiday pay shall always be paid at the employee's regular rate of pay even if the employee works overtime on the holiday. Holiday pay shall not be compounded to determine an employee's overtime rate of pay.

F Employees who experience an extended illness (more than one day) and who have exhausted their sick leave may request the use of unused vacation pay for compensation of time lost for all days after the first day.

G To be entitled to receive holiday pay, the employee shall have worked his assigned shift immediately preceding the holiday and also his assigned shift immediately following the holiday, unless excused by the Company such as for illness or vacation.

- H If a holiday falls within a vacation period, the holiday shall be payable in addition to the vacation pay or, at the employee's option with written permission from the Company, an extra day of paid vacation leave may be taken within the vacation period instead of receiving compensation for the holiday.
- I Unless an employee has requested time off in accordance with the vacation article of this Agreement and has received written authorization to take such leave, an employee who is regularly scheduled to work on a day which is a holiday, shall be required to report for work as scheduled. When management determines that a full complement of employees is not required on a holiday, the Company will offer by shift, qualification and seniority the employees to observe the holiday until the needed compliment is reached.

Article 18. HOURS OF SERVICE AND OVERTIME

A REGULAR HOURS OF WORK

- 1 An employee's regular work week will consist of up to forty (40) hours, which will be comprised of up to five (5) consecutive work days, and on each work day up to eight (8) hours of work spread over not more than nine (9) hours. Days off will be consecutive.
- 2 At the Company's discretion, the Company may also schedule regular work weeks consisting of four (4) consecutive workdays, each having up to ten (10) hours of work spread over not more than eleven (11) hours. Any other schedule shall be as mutually agreed between the Company and the Union. Days off will be consecutive.
- 3 No provision herein shall be construed as a guarantee of hours of work per day or per week or as a guarantee of days off work per week.
- 4 Employees shall be considered as required to report for work on their scheduled workdays, unless they are notified by the Company at least two (2) hours prior to their scheduled report time not to report for work. For purposes of this Article, notification by telephone or voicemail message shall be deemed a sufficient method of contact.
- 5 For pay purposes, the work week shall consist of seven (7) consecutive days, starting on Friday and ending on Thursday.
- 6 Part-time employees will be regularly scheduled for no more than 29 hours in a work week.

B HOURS OF SERVICE

- 1 Any changes in general shift starting time(s) in excess of one hour shall be scheduled and posted by the Company. There will be no change in the scheduled starting and stopping time greater than one (1) hour without a five (5) day notice to all employees affected.
- 2 The Company will designate a telephone number for employees to call to report their absence from work. The employee must call in to report the absence two (2) hours before the start of the shift unless two hours advance notice is unreasonable under the circumstances.

C MEAL BREAK

- 1 Employees will be afforded a thirty (30) minute unpaid meal break during each regular work shift.
- 2 If operational needs preclude an employee from taking his lunch period, the employee shall be afforded another opportunity during the work shift to take a meal break in its entirety.
- 3 If operational needs preclude an employee from taking his meal break at any time during the regular work shift, the employee will be paid for the thirty (30) minutes at his regular wage rate.
- 4 Each time in which an employee works through his meal break and is not allowed to take his meal break during the shift, the employee shall be required to notify his supervisor so that the appropriate payroll adjustments may be made.

D REST BREAKS

- 1 All employees will be granted a paid ten (10) minute rest period during the first

half of their work shift and a ten (10) minute rest period during the second half of their work shift.

- 2 Before taking a rest break, the employee shall be required to obtain the approval of a supervisor or lead man.

E Overtime Pay, Reporting Pay, and Callback Pay

- 1 Full-time employees shall be paid an overtime premium rate, calculated as one and one-half the employee's regular hourly rate of pay inclusive of Lead premium (where applicable), for all hours of work in excess of forty (40) hours worked per weekly pay period, exclusive of daily meal breaks. Overtime pay at time and one-half will be paid for hours worked on a scheduled day off, when such hours are in addition to forty (40) straight time paid hours in the same work week.
- 2 Overtime shall be computed on an actual minute basis.
- 3 Overtime will not be pyramided.
- 4 When an employee is scheduled to work overtime not in conjunction with a regular straight time work shift, such overtime will not be scheduled for less than four (4) hours.
- 5 The Company shall notify employees of shift cancellations at least two hours in advance of the scheduled report time and if such notification is not made and the employee reports for his scheduled shift on-time, he will be paid four (4) hours of pay at his regular hourly rate. For the purposes of this Article, notification by telephone or voicemail message shall be deemed a sufficient method of notifying employees.
- 6 The Company retains the right to approve and schedule all overtime. No overtime shall be worked except by direction of the Manager.
- 7 The Company will distribute scheduled overtime assignments equitably among the qualified employees who are working a shift at the location where overtime is required, provided that they volunteer for scheduled overtime assignments. The Company will post a quarterly overtime volunteer list at each location. The volunteer list will be removed after five (5) calendar days. The Company will post a quarterly overtime distribution list at the work locations. The names will be listed in order of classification seniority. The first scheduled overtime assignment for the month will be offered to the most senior qualified person named on the list. If that employee declines the overtime assignment, accepts the overtime assignment, or is unable to work the overtime assignment for any reason, that employee will not be eligible for another overtime assignment during the month until all other names on the list have been exhausted in the same manner. All scheduled overtime assignments shall be assigned in this method until the overtime manpower is achieved. Qualified probationary employees shall not be eligible to work overtime until the quarterly overtime list has been exhausted one full rotation.
- 8 The Shop Steward or Supervisor shall be required to update the overtime list and assist the Company in the administration of the scheduled overtime assignments. The Shop Steward will be permitted a reasonable amount of time to update the overtime list while on duty. The Company's and Union's liability for accidentally bypassing any employee for an overtime assignment shall be limited

to providing the most senior bypassed employee with a make-up overtime assignment. The Company shall not be required to remove employees from a specific job at the end of a regular shift in order to equalize overtime.

- 9 Once an employee accepts a scheduled overtime assignment, he shall be expected to work that assignment, and failure to do so shall be grounds for discipline.

F MANDATORY OVERTIME

- 1 Compliance with a directive to work in excess of eight hours on any given day, whether or not this work time is payable at the overtime rate (hours in excess of forty (40) hours for the week), shall be a condition of employment and shall be performed as directed.
- 2 In the absence of sufficient volunteers (at the work location) for an overtime assignment, whether a scheduled assignment or a work continuation, the Company shall take qualified volunteers from other work locations. If the volunteers are insufficient to satisfy the Company's overtime manpower needs, the Company shall draft qualified employees in reverse seniority order from the classification seniority list at the work location (called the Mandatory Overtime List).
- 3 Once an employee has been issued a mandatory overtime assignment, that employee's name will be placed at the bottom of the Mandatory Overtime List and that employee will not be assigned another mandatory overtime assignment until the list has been exhausted and his name appears at the top of that list.
- 4 Qualified Probationary employees or qualified employees bidding into the work location will be placed on the Mandatory Overtime List in their seniority sequence.
- 5 Employees who are sick, on vacation, or on an approved leave of absence will be excluded from any mandatory overtime assignment on that day but their names will continue in rotation.

G CALL BACK

- 1 An employee who is called back to work from home at the request of the Company to work during hours other than such employee's regular work shift shall receive a minimum of four (4) hours at one and one-half times the employee's regular hourly rate of pay. The Company's accounting records will be adjusted to reflect no break in the employees' service time for that shift.

H LOST TIME

- 1 Deductions for time off, whether due to tardiness or other causes, shall be calculated to the actual minute.

Article 19. VACATIONS

- A Vacation leave will accrue based on paid hours. Employees serving an unpaid leave of absence will not accrue vacation leave.
- B Vacation leave will accrue based on the following accrual rates:

Years of Continuous Service	Accrual Rate per Hour	Maximum Annual Accrual
After 1 year, and up to 2 years	0.0196	40 hours
After 2 years and up to 5 years	0.04	80 hours
After 5 years and up to 15 years	0.061	120 hours
After 15 years and up to 20 years	0.083	160 hours
After 20 years and up to 25 years	0.106	200 hours
more than 25 years	0.130	240 Hours

- C Employees who are in their first year of service with the Company do not earn or accrue vacation leave hours. Upon completing one year of continuous service the Company will provide those employees with a lump sum of forty (40) hours of vacation leave which represents a one-time retention bonus. Employees who do not complete one year of continuous service with the Company shall not be eligible or entitled to this one-time retention bonus. After completing one year of continuous service with the Company, employees will begin accruing paid vacation leave in accordance with the chart above.
- D Changes in the rate of accrual will begin on the first day of work following the employee's seniority anniversary date.
- E The Company will continue to make the Company's contribution to the employee's health care benefits, where applicable, during the time an employee is on paid vacation leave.
- F VACATION USAGE
- 1 Vacation pay shall be computed on the basis of the employee's regular hourly rate in effect at the time the vacation is taken, inclusive of Lead premium (where applicable).
 - 2 Eligible employees may carry over ("accumulate") accrued vacation from one calendar year to the next, up to the vacation maximum balance of two (2) times the employee's maximum annual accrual. An employee who reaches his or her maximum balance will not accrue additional vacation leave until the employee's vacation balance drops below the maximum balance.

Additionally, vacation does not accrue while an employee is on an unpaid leave of absence or a paid leave status in the nature of industrial or non-industrial disability payments.

- 3 Once per year, an employee may elect to cash-out his total accrued and unused vacation on the basis of the employee's regular hourly rate in effect at the time that the vacation is paid out. This vacation buy-back will be issued in the form of a gross adjustment to wages and shall be subject to all required taxes and withholdings.
- 4 Employees shall be required to submit written requests for vacation at least fourteen (14) days in advance. The General Manager has the discretion to waive this requirement when, in his judgment, the delay should be excused.
- 5 No vacation shall be permitted unless authorized by the General Manager in writing. The employee shall be given a copy of the signed approval for their records.
- 6 Vacation leave requests will generally be granted on a first come first serve basis and will not be denied unreasonably. In the event that two employees request to take vacation on the same day(s), and submit their requests at the same time, the Company will consider operational needs and Company seniority when evaluating which leave request to grant and which to deny.
- 7 Vacation may only be scheduled on the employee's regularly scheduled workdays and only for the amount of hours that the employee was scheduled to work on that day. Vacation may be taken in a block of weeks or one (1) day at a time ("DAT"). When awarding vacation, block vacation will take priority over DAT vacation. Block vacation will be defined as all regularly scheduled workdays between an employee's scheduled days off.
- 8 Following termination of employment, whether voluntary or involuntary, an employee will be paid for all accrued and unused vacation days at the employee's regular rate of pay in effect at the time of the termination.
- 9 Vacation balances will be updated each pay period. The Company will make vacation balances available to employees upon request.

If the Company decides to back fill the shift line (shift hours and days off) opened up by the filling that initial vacancy, the vacancy created by filling the initial vacancy, called the second vacancy, shall be filled in the same manner as the initial vacancy. If the Company decides to back fill the shift line (shift hours and days off) opened up by the filling of the second vacancy, called the third vacancy, the Company may assign this vacancy to an external job applicant, without posting it for bid. However, if the Company decides to post (for bid) the initial vacancy fewer than 60 calendar days before the regularly scheduled shift bid, the Company is not required to post, or fill, that vacancy through the bidding process.

C BIDDING OF SHIFT AND DAYS OFF

- 1 Employees will bid for work shifts (work hours and days off) annually and such shall be called a “shift bid.” Shift selections shall be made by the qualified employees by location within job classification and in seniority order.
- 2 Fourteen (14) calendar days prior to the effective date of a new bid the Company will post a list of all positions within the classification showing the hours, shift, and days off. However, if due to operational needs the Company needs to implement a new shift bid in fewer than fourteen (14) days, the Company and the Union will mutually agree on a cost-effective alternative.
- 3 Seven (7) calendar days before the new shifts become effective the Company will post a schedule showing each bargaining unit employees’ new shift.

In any such grievance proceeding, the Union shall have the burden of proving that the rule is unreasonable and that the rule does not have a reasonable relation to legitimate operational needs.
- C This Agreement shall not be orally modified in any way, materially or immaterially, by the Company and Union, or by the Company and employee(s). The Company and Union may mutually agree to modify terms of this Agreement but such modification shall not be binding unless such agreement is made in writing and signed by authorized representatives of both Parties.

Except as is specifically provided herein, this Agreement shall become effective on March 25, 2023 and shall remain in effect until midnight on March 24, 2026, unless voluntarily modified or amended by mutual written consent of both parties. This agreement shall automatically renew itself for a six (6) month period thereafter unless written notice of desire to terminate the Agreement is given by either party at least sixty (60) calendar days prior to the recurring six (6) month expiration date thereafter. If such written notice of desire to terminate is given, the parties may nevertheless mutually agree in writing to extend this Agreement for a specified length of time beyond the expiration.
