IAM/PSA STORES

Eligible Voter List

The **National Mediation Board (NMB)** requires that **PSA management** provide them a list of all eligible voters in the **Stores craft and class** who are eligible to vote.

PSA management submitted that list this morning. The **IAM** is currently reviewing that eligibility list for accuracy.

Once the eligibility has been determined to be accurate, the **NMB** will review the authorization cards and compare them to the eligibility list.

We fully expect the **NMB** to confirm that at least 50 percent of **PSA Stores** workers have requested an election, and then schedule the election.

Please remember that **PSA management** is **prohibited under federal law** from ever knowing who signed an a-card.

We will keep everyone updated on the process.
