

## **District 142 education committee**

March 18 and 19th breakout sessions

hosted by Al Melendez, Mike Mead, and Justin Bates

Committee chair, Brian Killian

Recording secretary, Nancy Bloom

Report delivered Brian Killeen

Education is a vital part of growth and continued success.

In Order to facilitate these goals, we request to hire full-time director and staff, in conjunction with quarterly staff meetings in person.

Update and rebrand resources in conjunction with District. To improve access and communication such as apps, QR codes etc. A catalog of classes on website for easy access.

Due to increased remote workers, Update and identify each work group with specific training

We request all locals make an effort to improve accessibility to learning opportunities for all their members.

We recommend this to be completed in advance of the next D142 convention to be held in four years.

Respectfully submitted Nancy Bloom
