

The Association.

THE TWU-IAM ASSOCIATION

Date: Sep 6 - 2026

CHANGE IN LEADERSHIP

Dear Membership,

Although there has been a change in the M & R leadership of the TWU/IAM Association, The TWU International Representative Rollie Reaves and IAM District 142 General Chair Ken Coley will continue to be actively involved in the leadership of the Association and will serve as Principal Negotiators on behalf of our membership.

The Association remains focused on what matters most: upholding our responsibilities, protecting the rights and interest of our members, and working hard at the bargaining table to secure the best possible Agreement for the membership.

While there has been a change in IAM District 142 leadership, our commitment to the membership has not changed. We remain united, focused, and prepared to do the work necessary to represent our membership with strength and purpose.

In Solidarity

The Association M & R Leadership
